DETAILED ACTION

1. Amendment and response filed by applicants in Paper No. 11, dated Dec. 24, 2003 have been entered and considered carefully. Claims 3, 17-18, 26-28, 30 have been canceled. Claims 1-2, 4-16, 19-25, 29, 31-35 are pending.

2. *Reason for Allowance*

The following is an examiner's statement of reasons for allowance:

The rejection under the judicially created doctrine of obviousness type double patenting over copending SN 10/030,186 is dropped in view of the Jan. 28, amendment in the copending case for which a copy is hereby attached. In the copending case, the currently amended claims are drawn to Q is methylene and Rq is NRaRb while the instant claims are drawn to Q is O or NH, and Rq is pyridyl, pyrimidinyl, pyridazinyl or phenyl rings. Therefore, demarcation was made between the two copending cases.

Were any future amendment in the copending case made and overlapping scope is incorporated in the copending claims, applicants are notified to file acceptable terminal disclaimer in the copending case. Claims 1-2, 4-16, 19-25, 31-35 as now amended are compounds which are neither anticipated nor rendered obvious by the prior art of record. The claimed anticoagulant compounds are useful for treating thrombotic disorders i.e. claim 29.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
